EDUCATION

B.Sc. Computer Science

Holon Institute of Technology

2022 - 2025

GPA: 87

SKILLS

Languages

Python, Java, C/C++, SQL,
JavaScript, C#

Backend & Systems

REST APIs, Webhooks,
Microservices, Docker, Linux

Cloud & Data

GCP, Firebase / Firestore,
PostgreSQL, MongoDB, BigQuery,
SQLite

AI Engineering

LLM APIs, Agentic Frameworks,
Multi-Agent CI Pipelines, Context
Management, TDD Verification
Loops

LANGUAGES

Hebrew: Native

English: Fluent

Spanish: Basic

OTHER

Portuguese Passport (EU citizen)

Highly motivated software engineer with strong Python and C/C++ and OOP fundamentals. Fast self-learner who enjoys problem solving. Seeking a software engineer position.

EXPERIENCE

Software Developer | Smart Media Clarity

2025 - 2026

*Python, **Node.js**, TypeScript, Linux, GCP, Firebase*

- Designed secure backend systems for a real-time media platform, architecting a Zero-Trust multi-tenant data isolation layer and building a custom Agentic Orchestrator to automate and accelerate multi-agent code-review & quality pipelines.

Software Developer | Beregesh.xyz Freelance

2026 - 2026

*Python, **Node.js**, Express, TypeScript, PostgreSQL, WhatsApp Business API, Linux*

- Sole developer of a WhatsApp platform connecting therapists with patients. Built a REST API over Postgres and Firebase with custom middleware. Owned architecture, backend, and Linux deployment.

Software Developer | Better-Sign.co.il (Freelance)

2026 - 2026

Next.js, TypeScript, Docker, SQLite, Linux

- Built and launched an e-signature SaaS for real-estate brokerage agreements.
- Designed instance-per-tenant architecture isolated containers and databases, subdomain routing, and a central licensing and provisioning service for full tenant data isolation.

PROJECTS

Stock Tracking Platform | GitHub

Python, FastAPI, MongoDB, Docker, Streamlit

- App for Financial-markets tracking platform on a client-server architecture. FastAPI REST backend over MongoDB, Streamlit dashboard, packaged as 3 independently deployed Docker services on Linux.

MILITARY

Network Administrator | Israeli Defense Forces

2011 - 2014

- Self-initiated and built a brigade-wide knowledge management system from scratch, adopted by **4 units**. Awarded the **Brigade Excellence Award** (2014).
